JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Report from Salina Cruz—Inspection and fumigation of vessels.

Acting Assistant Surgeon McPherson reports, October 16:

During the period October 1–15, inclusive, 2 vessels cleared from this port for the United States—the steamship *Mexican*, of the American-Hawaiian Steamship Company, which left this port October 6 for San Diego, Cal., and the steamship *Nebraskan*, of the same company, which had had to put back to this port for repairs, and left October 8 for San Francisco, Cal.

Both vessels were fumigated throughout while in the roadstead outside the harbor.

Report from Veracruz—Inspection and fumigation of vessels.

Acting Assistant Surgeon Frick reports, October 21: Week ended October 19.

October 13. Fumigated the British steamship *Wearside*, bound for Mobile, with 26 in the crew; vessel sails in ballast with time of last exposure at 7.05 a. m.

October 16. Fumigated the German steamship *Schaumberg*, bound for Galveston, with 45 in the crew; vessel sails in ballast with time of last exposure at 7.30 a. m. Inspected the British steamship *Cedar Grove*, bound for Texas City, Tex., via Coatzacoalcos and Progreso, with 23 in the crew; vessel sails in the remainder of an American cargo.

October 17. Inspected the German steamship *Mara Kolb*, bound for a port in the United States via Morro Castle, Habana, with 22 in the crew; vessel sails in ballast. Fumigated the Norwegian steamship *Nor*, bound for New Orleans, with 20 in the crew and 2 passengers; vessel sails in a general cargo, with about 500 packages of fruit; time of last exposure 12.30. Inspected the American steamship *Monterey*, bound for New York via Progreso and Habana, with 98 in the crew, 61 cabin and 2 steerage passengers; vessel sails in general cargo.

October 18. Inspected the Mexican steamship *Sonora*, bound for New Orleans via Mexican ports, with 28 in the crew; vessel sails in ballast.

Inspected the German steamship *Okahandja*, bound for New Orleans via Progreso, with 29 in the crew; vessel sails in the remainder of a European cargo.

October 19. Fumigated the British steamship *Harmonic*, bound for Pensacola; vessel sails in ballast with time of last exposure at 9.15 a. m.

No quarantinable disease was reported during the week.

PANAMA.

Report from Bocas del Toro, fruit port.

Acting Assistant Surgeon Osterhout reports as follows:

Week ended October 20. Present officially estimated population, 4,954. General sanitary condition of this port and the surrounding country during the week, good.
